Descrição

08 has a purpose of promoting innovation and digital transformation in organizations through an evolutive, human-centered and conscious journey, inside out. We are capable of supporting organizations of any kinds and sizes with end to end solutions.

We are part of Anga Group, which creates and acquires businesses that can foster positive change in society. We also run our business in our own management system based on holacracy and sociocracy 3.0, so drop me a message if you would like to exchange some ideas/perceptions/learnings about future of work.
